No biosolids have been applied to these sites in the past. Therefore, this notice of our intent to apply to the previously listed sites also serves to satisfy our requirement [503.12(e)(2)(i)] to contact you regarding previous applications of bulk sewage sludge to these sites after July 20, 1993. Bio Gro will contact you for any sites where there is a change in the above status which would allow another entity to apply to the sites listed in this notice. Bio Gro will also contact you as more sites become eligible for application.

If you have any questions about this notice or require any additional information to comply with the notification requirements, please contact me at (510) 613-2831 or Jeff Faust at (410) 224-0022.
